

Séjour linguistique en Angleterre.

Comme chaque automne, les élèves de 5ème option langues et latin langues ont passé une semaine dans la région de Brighton. En plus de la découverte de Canterbury et d'une journée à Londres, le programme était bien chargé...

le matin: cours d'anglais animés par un professeur "native speaker"

l'après-midi: visites culturelles et jeux de ville;

la soirée: détente en famille d'accueil

Une fois de plus, l'expérience fût une belle réussite sur le plan linguistique, culturel et personnel!

En voici quelques commentaires:

"The trip was very instructive and amusing at the same time because we learned a lot of things about English culture and English people. Our free time was a lot of fun."

Floriane & Valentine

"We learned many new things with adapted vocabulary about England. The teachers were friendly and offered a lot of funny activities. The lessons were very interesting. We worked in 2 small groups and it was very effective."

Marie & Alexandra

"The visits were great! We did some sightseeing in Brighton, Portsmouth and Canterbury. We really enjoyed the Royal Pavilion, the HMS Victory and the Cathedral of Canterbury."

Audrey, Chloé & Cyprien

"Canterbury is a pretty little town with a lot of beautiful, small, old houses. We saw a bookshop, a very old house bulging out over the road which Ch. Dickens described in one of his books. We also visited the impressive cathedral."

Elisabeth & Esther

"The hostfamily was very welcoming and kind. They were always on time at the appointments. They made their best to be sure we could understand everything they said."

Rosalie & Elise

"Debby (the hostmother) spent time with us after dinner. She was kind and we talked about our life in Belgium. Poppy, the 6-year-old daughter gave us big hugs every morning. She was really cute."

Lucie & Laura

"The beach of Brighton was gorgeous at night. We threw some stones into the sea. We also ate fish and chips on the beach but we were attacked by seagulls!"

Arthur & Alexandre
